Work Experience

Pitch Cats Tech Pvt. Limited (New Delhi, India)   Nov 2023 – Present
Front End Developer

- Utilized React and JavaScript to create visually appealing and responsive web pages, meeting client requirements and enhancing user experience.
- Developed features for both mobile and desktop platforms, utilizing React, SCSS, and JavaScript, resulting in seamless cross-platform functionality.
- Tracked changes and collaborated effectively using version control systems such as Git and GitHub, ensuring efficient and organized development processes.
- Collaborated with back-end developers to improve website functionality and integrate new features, enhancing overall user experience.
- Mentored and trained junior developers, sharing best practices for front-end development techniques and fostering a collaborative work environment.
- Worked closely with UX/UI designers to translate their designs into functional web applications, ensuring alignment with client expectations and design guidelines.

Rentainance (New Delhi, India)   Dec 2022 – Oct 2023
React Developer

- Collaborated with cross-functional teams to seamlessly integrate APIs, enhancing data flow within applications and improving overall functionality.
- Developed reusable components, reducing development timelines by 30% and improving code quality and maintainability.
- Utilized React best practices and industry standards to develop scalable and efficient web applications.
- Collaborated with back-end developers to improve website functionality and integrate new features, enhancing overall user experience.

SimbaQuartz (Amritsar, Punjab)   July 2022 – Nov 2022
WordPress Developer

- Developed customized e-commerce solutions for online businesses using WooCommerce plugin integration, ensuring seamless functionality and meeting specific design requirements.
- Installed and configured required plugins and implemented additional coding to achieve the desired design and functionality of WordPress websites.
- Successfully migrated existing websites to the WordPress platform, preserving data and functionality, and simplifying content updates for clients.
